PROJECTS

- **Employee Analytics Dashboard** 03/2025 - 04/2025
Github
 - Built a real-time employee analytics dashboard using Microsoft Excel to streamline performance tracking and reporting.
 - Leveraged pivot tables, conditional formatting, and dynamic charts to visualize and analyze key employee performance metrics, enabling data-driven insights for management.
- **LinkedIn Engagement Analysis** 02/2025 - 04/2025
Github
 - Trained an XGBoost machine learning model to predict LinkedIn engagement scores, achieving 96% accuracy on test data.
 - Utilized Python libraries including NumPy, Pandas, Seaborn, and Matplotlib for data preprocessing, analysis, and visualization.
 - Developed a Streamlit web application to deliver real-time predictions and interactive visualizations, enhancing accessibility and user experience.
- **AI Story Teller Chatbot** 02/2025 - 03/2025
Github
 - Developed an interactive storytelling chatbot using HTML, CSS, and JavaScript, allowing users to generate creative stories in the browser.
 - Integrated Gemini 2.0 API to fetch AI-generated stories based on user-selected genres, providing dynamic and personalized storytelling experiences.

EDUCATION

- **LOVELY PROFESSIONAL UNIVERSITY** Phagwara, Punjab
B.Tech - Computer Science of Engineering - 8.68 CGPA 2023 - 2027
- **Jawahar Navodaya Vidyalaya** Vizag, Andhra Pradesh
Secondary Education - M.P.C - 82 % 2021 - 2023

SKILLS SUMMARY

- **Languages** Python, C, C++, Java
- **Frameworks** Numpy, Pandas, Seaborn, Matplotlib
- **Databases** MySQL
- **Tools** VSCode , GitHub, Microsoft Excel, Streamlit

CERTIFICATIONS

- **The Bits and Bytes of Computer Networking** - Google
- **Introduction to Hardware and Operating Systems** - IBM
- **Java Programming** - Cipher Schools

CORE COURSES

- Computer Networks
- Operating Systems
- Data structures and Algorithms
- Object Oriented Programming
- DBMS

HONOURS AND AWARDS

- -Solved 250+ problems on LeetCode and GeeksforGeeks
- Achieved 100+ Day Coding Streak on LeetCode
- LeetCode Rating: 1461 (max)
